

For more than 100 years, BD has led the medical technology industry by partnering with leading organizations to address global health issues that are devastating to human life.

Helping all people
live healthy lives

Partnering for health

Helping to provide relief in the wake of natural and man-made disasters. Helping to eliminate deadly diseases like measles, maternal and neonatal tetanus, and TB. Fighting the spread of diabetes.

BD serves healthcare institutions, life science researchers, clinical laboratories, industry, and the general public every day. Around the globe BD manufactures and sells a broad range of medical supplies, devices, laboratory equipment, and diagnostic products.

Selected as one of America's Most Admired Companies by *FORTUNE* magazine¹—BD is privileged to work with governments, nonprofit groups, and other organizations to address broad health issues, develop an array of responses, and pioneer technologies.
